- Business Analysis

Experience

● Project Manager

Spalvalo Ltd

Feb 2023 - Sep 2023

I spearheaded project management initiatives for startups, integrating agile methodologies to elevate software development, security, and infrastructure standards. My role extended to conducting strategic IT audits and fostering technological innovation, where I developed advanced machine learning models to enhance predictive analytics capabilities.

● Head of Technology

Amega Ltd

Sep 2018 - Feb 2023

I led the development within a team of 10 professionals, including backend and frontend developers, a UI designer, QA specialists, as well as outsourced DevOps engineers and system administrators. I enhanced the software development processes, aligning them with business goals and optimizing workflows from the idea to implementation, ensuring the predictability of project timelines. I worked on system architecture and design.

● Team Leader

Alliance Company Ltd

Sep 2008 - Sep 2018

I led a team of 10 specialists, focusing on their technical and professional growth. Managed relationships with 180 major corporate clients, ensuring high levels of satisfaction and loyalty. Initiated and implemented key improvements in the corporate CRM system, reducing labor costs and increasing operational efficiency. Regularly provided analytical reports to management, participated in strategic planning, and suggested business process improvements.
